

Del-Ron[®]

Red Gear 80w140 - LS

Valtonen Special

A real fully synthetic transmission and differential oil also suitable for use in **friction lock differentials.**

Very high viscosity index, developed to withstand extremely high operating temperatures.

Very high quality additives, high quality oil, for extremely demanding use.
Very good lubrication performance at extremely high operating temperatures.

Very wide operational temperature range, multigrade properties.

Excellent stability, even under stress; long service life, API GL5/MT-1 quality.

Suitable for normal or racing use. Not recommended to be used in synchromesh transmissions.

Attention! remember to adjust differential lock according to oil which is used.

Real life experiences:

In many cases the transmission runs cooler using Del-Ron oil. We have seen a lot less wearing out using the Del-Ron oils compared to other brands.

Do not mix with other oils or additives ! Values may vary/change, Please note that these properties do not constitute a specification and are not an warranty or guarantee of any properties.

**API: GL-5
MT-1**
